ABUS KEYGARAGE™ 797 FLEX

New Product Bulletin – January 22, 2025

VERSATILE AND FLEXIBLE

With our new KeyGarage™ 797 FLEX, your keys and cards can be stored conveniently and safely by using a flexible cable to fix the key storage box to fences, railings or other suitable places.

Hiding keys under the doormat or flowerpot is a thing of the past. Inside the strong metal housing of the new KeyGarage™ 797 FLEX, there is room for up to 20 keys and 14 plastic cards. Access is via a four-digit number code that is set via adjusting wheels. Thus, only authorised persons have access.

This is particularly useful for frequently changing groups of people such as tradesmen, holiday guests, vehicle rentals, nursing staff and the like.

We recommend using the KeyGarage™ 797 FLEX in protected outdoor areas.

OPERATION AND USE

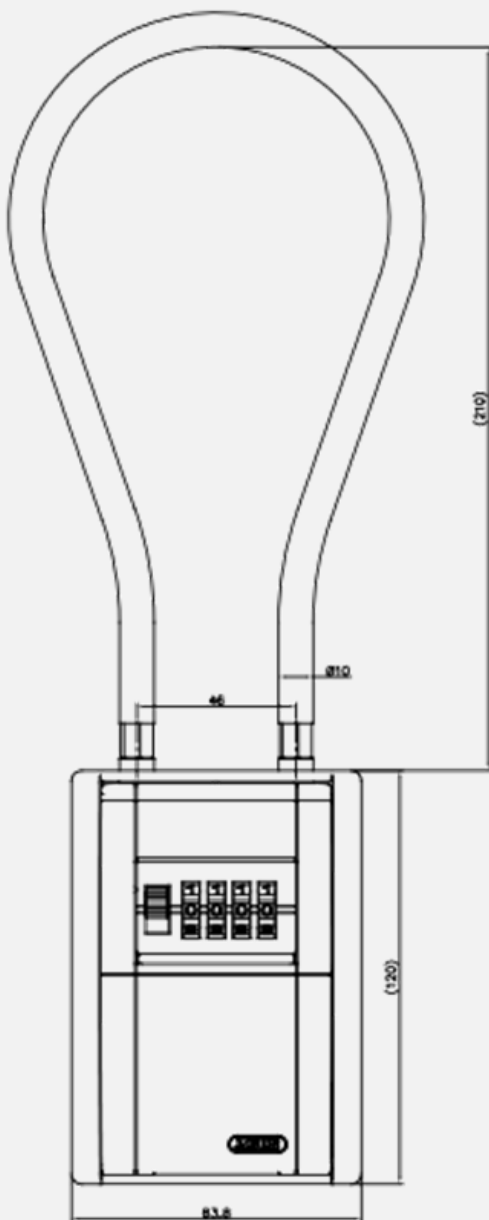

- For secure storage of keys or small valuable objects for authorised persons
- Quick and easy access for frequently changing groups of people (e.g. tradesmen, service staff, holiday guests, vehicle rental customers, residents of apartment buildings)
- Accessible by setting and sharing a number code
- Mounting with flexible cable for adaptable and temporary use, e.g. on fences, railings or handles

TECHNOLOGY

- Large, sturdy metal housing for secure storage of keys and plastic cards
- Zinc die-cast locking flap with number wheels
- Individually adjustable 4-digit code
- Protective flap with sliding mechanism
- 10 mm thick, plastic-coated steel cable for attachment
- Attachment to objects with a circumference of up to 50 cm or up to 20 cm away from the KeyGarage
- Capacity for up to 14 plastic cards or 20 keys
- External dimensions: 84x44x340 mm
- The plastic-coated cable and foam-padded back of the housing protect against scratches on sensitive surfaces.
